In Vain

Sigrid

I don't know, seems crazy how we got this far
There's something 'bout you that felt pretty good
That I can't see anymore
Should've known, but I got stuck here in your arms
But you hold on to me like you're holding your demons
As we lie in the dark

It's you I'm gonna miss
The one I tried to fix
Pathetic as it is

So don't you stay if you don't mean it
If you don't feel it, and just fuck me up again
Please walk away, and we'll just leave it
Or were you thinkin' I would give my heart in vain?
I won't give my heart in vain, in vain
Nah, nah, nah, no, oh

Should've questioned how you tried to keep it low
Never listened to all the alarms in my mind
That were tellin' me to go
You never talk, you keep your feelings underground
Never pictured myself as someone to catch you on the rebound

It's you I'm gonna miss
The one I tried to fix
Pathetic as it is

So don't you stay if you don't mean it
If you don't feel it, and just fuck me up again
Please walk away, and we'll just leave it
Or were you thinkin' I would give my heart in vain?
I won't give my heart in vain, in vain
Nah, nah, nah, no, oh

Give it, give it up, give it, give it up, baby
Give it, give it up, give it, give it up, baby
Give it, give it up, give it, give it up, baby

Give it, give it up, give it, give it up, baby
Give it, give it up, give it, give it up, baby
Give it, give it up, give it, give it up, baby
(Oh)

So don't you stay if you don't mean it
If you don't feel it, 'cause you'll fuck me up again
Please walk away, and we'll just leave it
Or were you thinkin' I would give my heart in vain?
I won't give my heart in vain

(Give it, give it up, give it, give it up, baby)
In vain
(Give it, give it up, give it, give it up, baby)
No, no, ooh-ooh, whoa
(Give it, give it up, give it, give it up, baby)
I won't give my heart in vain

(Give it, give it up, give it, give it up, baby)
In vain
(Give it, give it up, give it, give it up, baby)
No, no, ooh-ooh, whoa
(Give it, give it up, give it, give it up, baby)

Won't give my heart in vain
Won't give my heart in vain
Won't give my heart in vain
