

Mine Right Now

Sigrid

Something about the way you and I fit
That's when it hits
Feels like it's too good to be true
We're down at the harbour
And we dance in the dark

Don't know what you said
But I know how I felt
It's hard to believe our love could last
'Cause you're moving so fast
Then I start overthinking

And I ruin the moment 'cause I picture the end
But I don't wanna go there, so I tell myself that

Hey! It's alright if we don't end up together
'Cause you're mine right now
Hey! I don't mind if we don't get to forever
'Cause you're mine right now

Forgot all the things that we said we would do
How we're still in this room
Hear the rain on the glass hold me 'til I
Fall asleep for the night, try to enjoy the quiet

But I ruin the moment 'cause I picture the end
And I don't wanna go there, so I tell myself that

Hey! It's alright if we don't end up together
'Cause you're mine right now
Hey! I don't mind if we don't get to forever
'Cause you're mine right now

It's alright if we don't end up staying together
It's alright if we don't, it's alright
'Cause you're mine right now

It's alright if we don't end up staying together
It's alright if we don't, it's alright
'Cause you're mine right now

I won't fall apart ('Cause you're mine right now)
If you break my heart ('Cause you're mine right now)
Yet here we are
And I ruin the moment 'cause I picture the end
But I don't wanna go there, so I tell myself that

Hey! It's alright if we don't end up together
'Cause you're mine right now
Hey! I don't mind if we don't get to forever
'Cause you're mine right now

Hey! it's alright if we don't end up together
(It's alright if we don't, it's alright)
'Cause you're mine right now
Hey! I don't mind if we don't get to forever
(It's alright if we don't, it's alright)

'Cause you're mine right now

Hey!

It's alright if we don't end up staying together

It's alright if we don't, it's alright

'Cause you're mine right now

Hey!

It's alright if we don't end up staying together

It's alright if we don't, it's alright

'Cause you're mine right now
