

Two Years

Sigrid

Oh girl, what are you doing in that night dress
Oh girl, are you in love or are you restless
I've been chasing you for two long years
And I'll wait
But it won't be the same again

It took me
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play

Oslo to Tokyo
What are you running from
Why did you let me go
When you wanna be
My woman

The sun is dancing lightly on your freckles
Is this love running through me like an arrow
I've been chasing you for two long years
And I'll wait
But it won't be the same again

It took me
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play

It took me
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play
Two years to get out of trouble
Two years I'm back to the start
And the band begins to play

Oslo to Tokyo
What are you running from
Why did you let me go
When you wanna be
My woman

Oslo to Tokyo
What are you running from
Why did you let me go
When you wanna be
My woman

Oslo to Tokyo
What are you running from
Why did you let me go

When you wanna be
My woman

Oslo to Tokyo
What are you running from
Why did you let me go
When you wanna be
My woman
