Underneath this metal skin I'm shiny just like you Indestructable.. Corruptable.. it's true... Don't fade away - Alienation

Feeling like a stranger Alien to your eyes Looking out for danger Nothing to disguise Don't turn away - Alienation Don't fade away Don't turn away - Alienation, Alienation

Who's that charmed the magic man Watch his tricks at play Just one look at you I'm someone for a day... hey... Alienation Don't turn away Don't fade away... Alienation, Alienation

So hopelessly connected Just look into my eyes Don't turn away Don't fade away... Alienation

Underneath this madness Just trying to break thru Don't turn away Don't fade away.... Alienation Dont turn away Don't fade away... Alienation

Underneath this metal skin I'm shiny just like you Indestructable.. Corruptable.. it's true... Don't fade away - Alienation Alienation Alienation Alienation Alienation Alienation Alienation Alienation Alienation
