Oh girl, you're playin'  
No I don't buy it  
Got you runnin', running' back  
When you're feelin' bad  
Oh no, you tried it

But I'm out here globetrottin'  
I could pay no mind  
And when you text, I'm silent  
Best believe I'm fine

He keeps sending messages  
He gettin' to your head  
Do you call him? You must call him  
Why are you up in my bed?

You're so childish, you be wildin'  
But you right it real good  
Yeah you ride it real good

That's why I can't let you go girl  
I just need it slow girl  
Grindin' on your body, do it all to you

And you know I put it down girl

But you need to block him out girl  
Why can't you just let him go?
