Uh, uh, uh, ah-ha
Uh, uh, uh, ah-ha

Rat and snitch, I've cleaned them all up, now it's a brand new day, ah-ha
Back on my shit, turn the cycle back, brodie, where you at? Ah-ha
I have so much to say, but keeping quiet is my theme, yeah
Even when my eyes close, I never forget my father's teachings, yeah
Uh, live or die, all or nothing, so I need some more, yeah
Do it or don't, no or go, so I gotta go, yeah
Win or lose, my motto - no matter what you say about me, huh
Even if we're standing on the same ground, the same Earth, huh
Different language, different level - you don't understand

Uh, uh, uh, ah-ha
You know what the fuck is going on

What's the point of saying 100 words? I act instead
What's the point of saying 100 words? I make albums instead
No need to pronounce it, they'll understand my mumbling instead
If you don't want to listen, don't - I'm not forcing anyone to hear
Since 2016, since 2016, yeah
I don't know when, but I was already an OG, yeah
Why beg for recognition? I never needed that, yeah
You're the only one who doesn't recognize the G.O.A.T, yeah
Always action over words, I gotta get going
Moving wherever my feet take me, wherever's visible
Hater, hater, now they all admit my steps are different
Unless it's the police station, I never write fiction
Even as an adult, I feel young
A child monk or
God level mountain god
A symbol in the exhibition
You've lost all your sense
