Sikth

Sheep-ridden country  
They pretend that's it's so free  
Falling, they're bleeding, never really question  
Why they die.

Swim in the lake of death  
Eaten by crocodiles  
So  
No-one saw, no-one cares.

Can you see beyond this?  
Or does everything swamp your mind?

I don't like the way  
Tradition makes people believe  
Like a robot saying: "All be happy"  
My point exactly.

You see,  
You're all the same  
Dirty, fuckers gone insane  
Hope there's an earthquake and it swallows all evil.

Open  
Your mouth  
Maybe  
You'll find life  
One day  
You may see

Listen, these words may well  
Teach you  
To appreciate  
Yourself  
And not to follow  
Live before dying  
But don't-be-a-lone

This is not life you're living now  
Don't let the fuckers make you frown  
Look in their eyes, there's nothing true  
It's up to you what you're gonna do  
This is your life, do not ignore  
Look deep within, is there something more?  
Think what to do before you act  
Bleed on the floor 'til you...

Just try  
To think your  
Own thoughts.

Sheep-ridden country  
They pretend it's so free  
Falling, they're bleeding  
But never really question why they die.

So when you fall people watch you as you start to bleed

No pay per view, this show is free.

You must ask yourself,  
Why am I here and what for..?

And when you die,  
People, they will always cry  
Only one thing is that you must be  
Yourself while you're living.

Live life live life now!

To be like all the same  
Dammit, there's no use  
For you to have a name  
Sheep 1 & sheep 2  
The 2 of you.

You really need to speak  
I'll listen to you  
Before you bleed  
To be untrue  
Bleed...

Live life live life...

Stand up  
On your two feet  
Nobody's piece of meat  
Don't listen to the fashion fuckers on TV

So now you spit  
Back in the face  
Of things that control & dissolve your mind.

Why can't you shout out  
And why can't you  
Be yourself, fuck what others think  
To be proud, to be you, must be  
You  
Don't need to follow.

Too lazy to look within yourself  
Is there something you don't want to know  
Or don't want to see?

Why not let your mind grow?  
Why exclude the unknown?  
Maybe you also could be...
