

Right Now
Its my time now
I gotta shine now
I gotta wild out
Right Now
By my side now
You in my house
So let me wild out, Go
Go-go, go-go
Go-go, go-go
Go-go, go-go
Go-go, go-go

Run it back, gotta find
Lot of shit, on my mind
World ending, traffic jam
Money problem, stuck in sand
What do you do?
I run it, run it
Like every summer I was hustling, and pushing budgets
In mama's whip and I confronted, a lot of fronters
It made me wonder, will I make it or am I nothing?
Like what you fucking gotta do, to go and prove, that you the greatest?
And its true, I came with news of who's about to fuckin' blow
I'm going rogue, and never show no fuckin' feelings
For you hoes and that's fasho
Lot of the shit, lot of the lies, lot on my mind
Living to heal, living to kill, living to die
What you gon' do? What you gon' do? When we gon' find?
Money come through, money come through
Then you gon' shine

Right Now
Its my time now
I gotta shine now
I gotta wild out
Right Now
By my side now
You in my house
So let me wild out, Go
Go-go, go-go
Go-go, go-go
Go-go, go-go
Go-go, go-go

Yo right now, like right now, bet I get it down when she pipe down
Gotta switch the flow and get nice now
Cause one night I'mma fill a crowd
Go pack 'em in like "In-N-Out"
Go Pacquiao and knock 'em out
Straight Steph Curry, go shoot it out
Like "Boyz N The Hood" I'mma reel it out
I, bounce that flow just grow up
Hol' up who got bread to roll up?
Hit that liquor store then po' up
Hope that popo never show up
And I got it, I hit the lotto

With all these sonics and I'm honest
I'm kicking diamonds
This that motherfuckin new age ebonics
So modest and I just shot it (Ah!)
Knowing I'mma make it straight taking, no one is shaking (Ah!)
Maryland my home, I'm on and be like Basquiat!
All I got is pain, ashamed that I don't love a lot
Never do love, never do pain, never do shit
Living so rough, living so hard, I just wanna quit
If y'all just knew (y'all just knew) what I just spit
I'm trynna find a way that I can make this (GO!)

Right Now
Its my time now
I gotta shine now
I gotta wild out
Right Now
By my side now
You in my house
So let me wild out, Go
Go-go, go-go
Go-go, go-go
Go-go, go-go
Go-go, go-go
