

I Know

Silas

I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
Now you can't let go

Hate to see me with someone else
Lonely, now you're all by yourself
Messed up, though I gave you a chance
Heads up, tried to warn me
Is she worth it, you certain
You think she won't hurt you
Desert you
See murder, she wrote all on purpose
We fighting, we cursing
Played me, the truth surfaced
Told me not to worry
Then crawled back to that person
Noo
Now deal with the cards you were dealt
He's gone see
Now you want me

I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
Now you can't let go

And let bygones be bygones
Stone cold, wrestling with feelings, python
Sss, sss, lights off
Ka nyonyoba, quick, quick, wife's gone
Hit those angles, click, click
Nikon
Mini flicks, bit off, choke
More than I could chew, Tyson, nou
You're all up in my ear, heh, heh, heh
You know man's from a, Tribe Called, Q
Tip, yes that dude,
Remember what he said on that one song
(Don't it always seem to go
That you don't know what you got till it's gone

Yeah, yeah, thinking this is make belief
Kiss and make up? This ain't Maybelline
See, I just beat, we
Go our separate ways, yaz' clean
Snoh Aalegra, you're up in your feels

Why, since you got a guy
Why'd you wanna go and do that love
Tell me why'd you wanna do that love
I told you
Told you that I'm just not the one
I'm gone, please
Don't call me

I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
I know, I know
Told me to hit the road
You said you don't need me
Now you can't let go
Now you can't let go
