I want you to want me
Like that, oooh baby
I need you, to need me
Give me all your loving
I want you to want me
Like that, oooh baby
I need you, to need me
Give me all your loving

Hey there, you so fine
One wish and I'd make you mine
You're one, of a kind
One look, and you caught my eye
Bout to go hard, Medusa
I can't, afford to lose her
Wai susa, my Sula
I'll be your Alex
Gommorrah, hai ka tuka
A si sa bek' emuva
Aluta continua
Baby, you're the one

I want you to want me
Like that, oooh baby
I need you, to need me
Give me all your loving
I want you to want me
Like that, oooh baby
I need you, to need me
Give me all your loving

Used to be lovers, now friends
Uyasha ubhud' wakho, he might do it again
Athi I just lie and cheat
Scared I might steal you away

Might start throwing up matlapa
Then she'll khipa you and faka
Now we
Play diketo with your thigini
Back when we were hanging out di windows

Back when uMgrarimbe had the youth screaming
Hebidi
I was trying to hit, but courting you
It was Wimbledon
You just had that thing
Got me thinking of that Hlaudi meme
M'bheke emehlwen'
Saw the fire, abo Scott and Jean
Then you let me in
Blew my mind, you know Professor things
Now I'm back within
So you pull, zaka Brooke
Ubuyile uRidge

Like that, oooh baby
I need you, to need me
Give me all your loving
I want you to want me
Like that, oooh baby
I need you, to need me
Give me all your loving
