Silas

So explicit with the words that I be kicking lately
Funky shit I grab ya bitch and we be dipping baby
Cause I done seen it all living this here lifestyle
Was tryna be the greatest til I put the mic down
And I'll tell you why having dreams that I would fly
Ever since a youngin'
Got into this music cause I wasn't good at nothing
Swear they said that I'd be nothing
But I promise you I'm something
Cause I feel it tho praying for a miracle
These dark knights shaped me to the man I am
Lookin at this white boy really from a glance
Can you even spit these bars why you aiming for the stars
Do you know what it just takes to make it that far
Every time I hit the mic it feel like this shit seminar
Take it back take it way back
Riding in that car fell in love wit hip hop
Swear we got it livin' large swear we got it livin' large

1 2 3 4
I done seen a lot of shit it made me wonder some more
It's like
(Don't waste time)
Yeah yeah yeah
I say 1 2 3 4
I done seen a lot of shit it made me wonder some more
It's like
(Heal your mind)
Yeah yeah yeah yeah

What you living for
Baby what's your dream
Baby what's your passion
Life ain't what it seems
Thinking bout my actions
I was 17
Never realizing
This is everything
My verses legendary
For the facts it's military
Wonder what my purpose is before I hit the cemetery
It's the question that's been circling my mind
For some time as a youngin' we would go and bump sublime
Rollin jays inside the park and roaming streets like after dark
Where my Mona Lisa
Preaching bout this life you leachers
Swear I never understood it we was up to no good
They never loved us and I don't give a fuck if they would
I'm just bout my peoples livin' life and fuck a fight
Those lonely nights all on my own
Leaving the past
I'm tryna be a better man
And they feel me at last
So wonder where this life will take me
We ain't moving too fast you know

1 2 3 4

I done seen a lot of shit it made me wonder some more
It's like
(Don't waste time)
Yeah yeah yeah
I say 1 2 3 4
I done seen a lot of shit it made me wonder some more
It's like
(Heal your mind)
Yeah yeah yeah yeah

That shit's kinda crazy tho cause
I started making this music cuz people really used to tell me I was nothin'
And I was never good at anything
And what I wanted to do is I wanted to find the craft that I could
Essentially master and just have a good fuckin time with
So far my [?] out there and tryna do some
Just know you can do this shit cuz I did it

1 2 3 4
I done seen a lot of shit it made me wonder some more
It's like
(Don't waste time)
Yeah yeah yeah
I say 1 2 3 4
I done seen a lot of shit it made me wonder some more
It's like
(Heal your mind)
Yeah yeah yeah yeah
