

## Seasons

Silas

Cold winters but you know I never hesitate  
Living like today my last word to Groundhog Day  
Cause I found that in mental stressin'  
and I could go and roll some herb  
Lemme count my blessin'  
If you spreading love for real you gon take this message  
I done seen it all wondered if this really all  
Thinking bout a god thinkin' I won't be alive  
Thinkin' I would hit the pin  
60 cents to call my kin  
Thinkin' that we wouldn't amount  
Because of funds in bank account  
Baby let me break this down  
Hold up lemme break this down  
I got one life to live so muhfucka Imma live it  
Till my heart stop beating and ya boy stop breathing  
weather that shit is tomorrow or I got a couple seasons

Dilla on the beat got me feelin' something special dawg  
Living and striving and workin for mines

Hope that you feel me I got us for really  
Ain't doin this here just to go make a milli

Rappin' on the stoop shit
