Silas

So Long matter fact it's so wrong
I seen yo baby mama love me
When the beat just come on
But she the piece of my puzzle
Way she be putting it on
I write a couple a verses
My Ex's bitch on the phone
But I just Move along steady
I been so damn high
They prolly think I got the bong ready
I been on my shit so fucker
Go and get ya bars ready
On the top rope Ric flair
Motherfucker get yo topped throwed
I been killing everything
That's tryna ruin my position
Take em back to days no money
Or a pot to piss in
These bitches hated
But I'm grinding hard
With my precision
This one for the teacher
Said I would just be in prison
