

# The Return

Silas

Straight flames, when I step up in this motherfucker  
Straight games, I've been played like a motherfucker  
The return, Bruce Wayne, I'm unlike no other  
Silas on the mic, spitting raw, like no bread for rubber  
They be acting like I said I came straight up out the gutter When I'm  
talking 'bout my growing pains just to help my brothers  
They just worried 'bout a couple dames, I still carry luggage Heart b  
reaks, in my face, let me go and demonstrate like, uh  
Rock with the fucking legends  
Crazy how my idols were my father's, hope you get this message  
Papa wasn't home and I'll be on in a millisecond  
The Genesis had dropped and I was gone like a murder weapon

(What!)

Said they fucking with the kid now (What!)  
I'll probably snatch a couple crowns now (What!)  
I'm the greatest from my town (How crazy)  
Man they said I was lazy, but look who made it, uh (Damn!)

The return, I been here since I left the womb  
The return, I'll be here till I hit the tomb  
The return, I been here since I left the womb  
The return, I'll be here till I hit the tomb, Uh

It's the return of forever, like (yeah, It's the return!)  
It's the return of forever, like (yeah, It's the return!)

Mack's pimping, guns hitting  
Broads fucking, money business  
Drug sniffing, in my district  
What the fuck, reload ya clip  
Beretta's busting, time is up  
That shit ain't really cool to us  
Money in ya pockets had flagrant, you ain't fooling us  
'97, MAC-11's  
With no place to go, hit 'em with that shit and make 'em just another  
ratio  
Funny how we move it slow, rock co-caine flows  
Get me on the mic and have me spazzing 'til I make it gold Tried to f  
ind some other ways, while blowing on the dumbest haze  
Daddy wasn't home and never taught me how to spit some game  
Nice with my words, never catch me on the curb  
It's the return, Bruce Wayne, motherfucker, I'm unlike no other!

The return, I been here since I left the womb  
The return, I'll be here till I hit the tomb
