

# Night Train

## Silent Circle

I've been missing you so much  
Seven nights and days  
I've been longing for your touch  
Yes I do

Silent circle night train Lyrics  
Seven endless  
Days I've been waiting  
Seven lonely  
Nights were so cold

### REFRAIN:

Baby take the night train (ooh ooh ooh)  
Want to hold you now or never and forever  
I don't believe I could live without your love

Baby take the right train (ooh ooh ooh)  
I can't stand the hours creeping 'cause I need you  
I miss you so and I ask the stars above  
About your love

You - you never needed anyone  
'till you passed my way  
Nobody did what you have done  
Everyday

Seven endless  
Days I've been waiting  
Seven lonely  
Nights were so cold

Baby take the night train (ooh ooh ooh)  
Want to hold you now or never and forever  
I don't believe I could live without your love

Baby take the right train (ooh ooh ooh)  
I can't stand the hours creeping 'cause I need you  
I miss you so and I ask the stars above

About your love

Seven endless  
Days I've been waiting  
Seven lonely  
Nights were so cold

Baby take the night train (ooh ooh ooh)  
Want to hold you now or never and forever  
I don't believe I could live without your love

Baby take the right train (ooh ooh ooh)  
I can't stand the hours creeping 'cause I need you  
I miss you so and I ask the stars above

Baby take the night train (ooh ooh ooh)  
Want to hold you now or never and forever  
I don't believe I could live without your love
