

## Low

## Silent Screams

Empty and hollow  
Addicted and scared  
Longing to silence what's in my head

Sinking through the floor and I'm alone  
I'm alone, I need to forget that I feel so low

When I look in the mirror  
I don't see myself  
Cos there's something leaving a bitter taste  
Cos I feel low  
Cos I'm good for nothing  
Good for nothing  
It all comes together  
When I fall apart

Dead eyes

I'll overdose  
I'll lose control  
I'm low

When I look in the mirror  
I don't see myself  
Cos there's something leaving a bitter taste  
I feel low

A disease and I'm suffering  
I've only got myself to blame  
You wanna bring me down?  
You wanna bring me down!?  
Go ahead  
Go ahead mother fucker

It makes me feel low  
Under the surface  
I can't clear my mind

It makes me feel low  
It makes  
It makes me feel low

When I look in the mirror  
I don't see myself  
Cos there's something leaving a bitter taste  
I feel low

It all comes together  
When I fall apart  
I see the light  
But I'm left in the dark  
It all comes together  
But time feels slow  
Cos I feel so low
