

# Wake Up Alone

## Silent Theory

I've held my tongue  
So many times before  
What the hell could have burned me more?  
Maybe that's what I'm rooting for  
You say you're not enough for me  
Oh no  
What a shame it is  
Who can you blame again  
If no one's listening?  
Part of the issue is I don't know if you're aware  
(Aware)  
I've shattered myself for you  
It's not like the sun gave its place up to you  
Oh no

Maybe we just weren't worth saving  
Maybe I just don't have time  
I'd be far more understanding  
If you hadn't lost your mind  
I can't stand for this  
The cycle ends like this  
You can wake up alone

It's not the same as it was  
When I caught myself in a rut again  
And I don't know if I'll ever be the same  
As I was after all those days I died inside  
Don't behave it's not anonymous  
Have no fear it's no phenomenon  
You can't change what you are  
And the problem persists  
It's the sickness that keeps you alone  
It'd be nice if you own this  
This time if you can but you won't

Maybe we just weren't worth saving  
Maybe I just don't have time  
I'd be far more understanding  
If you hadn't lost your mind

Let me be!  
What's one good memory worth to you?  
Just let me breathe!  
I know it would hurt in the end

Maybe we just weren't worth saving  
Maybe I just don't have time  
I'd be far more understanding  
If you hadn't lost your mind  
I can't stand for this  
The cycle ends like this  
You can wake up alone
