

Feel Good

Silk

Oh, feel good, feel good
Tonight, girl, is it possible?
That I could make you feel good
Show me there is stars above
Just like no other girl could
I'll take complete control of you
And other things you want me to
You'll be sleep, baby and hypnotize me
Before the night is through
Oh, yeah, baby

Feel good, so good
Like you know you should
Like you know you should
Like you wish you could
Let me go to work on you
Please, baby, please, yeah

Girl, dont take so long, so logg
Making up your mind, baby
And I can make you feel good
Feel good, oh yeah
Baby, if it takes all night, Im strong oh, yeah, yeah
Taking our time, baby
I can make you feel good
Feel good, oh, yeah

Moon's lit, now let me lay you down, down
And mesmerize your with mine
Before I'm completely done, your every spot I will find
I'll take you to a special place
Where you never been before
You won't need nothing, baby
But you'll be crying "give me more"

Feel good, feel good, baby
Like you know you should
Like you know you should
Like you wish you could, oh
Let me go to work on you
Please, baby, please, yeah

Girl, dont take so long
Don't you take so long
Making up your mind, baby
'Cause I can make you feel good
Feel good, ooh, yeah
If it takes all night, I'm strong (I'm strong, baby)
Taking our time, baby
I cause I can make you feel good feel good, oh, oh

Ain't nothing wrong with me
