

## Good Intentions

Silverstein

Things I try don't work out  
Other people gripe and shout  
That's not positive  
I'm not perfect, I'm just Civ

Trial and error...good intentions!

Throw a beer at the stage  
That's how you behave  
Paid admission, had no fun  
You think I'm the stupid one

Think again...good intentions!

I'll just try my best...and you?  
Nothing!
