

# Live Like This

Silverstein

I don't wanna die but I can't live like (this)  
I don't wanna die but I can't live like (this)

Do you feel it slipping away?  
There's no meaning  
Just count the days  
While I waste away  
And I never thought that I would lose  
A war with myself  
I'm dying for a chance to put my weapons down  
Fighting is a bitter pill  
When all you've got is time to kill

With my final breath  
Take me home again  
Cause I've got nothing left  
I don't wanna die but I can't live like this, like this  
Wave the white flag I'm at the end  
I don't wanna die but I can't live like this

There's gotta be a difference  
Between life and existence  
There's something missing  
And I never thought karma  
Couldn't find her way out  
I'm trapped in the center of a carousel  
Everyone is standing still  
And all I've got is time to kill

With my final breath  
Take me home again  
Cause I've got nothing left  
I don't wanna die but I can't live like this, like this  
Wave the white flag I'm at the end  
I don't wanna die but I can't live like this, like this  
Wave the white flag I'm at the end  
I don't wanna die but I can't live like this

With my final breath  
Take me home again  
Cause I've got nothing left  
I can't live like this, like this  
Wave the white flag I'm at the end  
I don't wanna die but I can't live like this, like this  
Wave the white flag I'm at the end  
I don't wanna die but I can't live like this
