

Last time you came around  
I couldn't see myself  
Last time we talked it was the wrong time  
But now I've figured out  
I don't want anyone else  
Can we stay here for a long time?

I'm a silhouette talking to myself  
I'm the lights left on in an abandoned house  
I've been on the rocks I've been so down low  
I know I should have stayed instead of letting go but

Last time you came around  
I couldn't see myself  
Last time we talked it was the wrong time  
But now I've figured out  
I don't want anyone else  
Can we stay here for a long time?

Oh, if you just say yes  
We can stay here for a long time  
Oh, if you just say yes  
We can stay here for a long time

I try to do it right but it comes out wrong  
I'm a half court shot after the buzzer's gone  
And I'm feeling like a fire in the pouring rain  
It's never the right time never the right place

Last time you came around  
I couldn't see myself  
Last time we talked it was the wrong time

Oh, if you just say yes  
We can stay here for a long time  
Oh, if you just say yes  
We can stay here for a long time

Last time you came around  
I couldn't see myself  
Last time we talked it was the wrong time

Oh, if you just say yes  
We can stay here for a long time  
Oh, if you just say yes  
We can stay here for a long time

Say yes say yes say yes  
And we can stay here for a long time
