

**September 14th**

**Silverstein**

It makes me want to scream in rage  
A moment hung for every person of age  
Their fate  
Encapsulated in plastic pills

No relief, no peace  
As my karma sits in the backseat waiting for me  
To see  
If this world will leave me behind or set me free

It's take take if you want to believe it is  
We'll save face while we're trying to make it right  
This can't be happening  
You've stolen tomorrow

And everyone is dead to me  
I'm on a different plane or planet in space  
I can't face  
The thought of never seeing this place

I plead, I can't breathe  
As I hear it blast through the speakers loud as can be  
I'm sorry  
I don't know what I've done to deserve this tragedy

It's take take if you want to believe it is  
We'll save face while we're trying to make it right  
This can't be happening  
This can't be happening  
You've stolen tomorrow

I never asked for this  
To only exist  
As a number in your lottery  
You don't own me  
Just because  
I came to be  
On September 14th  
You don't know me

It's take take if you want to believe it is  
We'll save face while we're trying to make it right  
This can't be happening

It's take take if you want to believe it is  
We'll save face while we're trying to make it right  
This can't be happening

This can't be happening  
This can't be  
This can't be happening  
You've stolen tomorrow
