

# Ultraviolet

Silverstein

Do you believe in things unseen?  
Cause something strange has a hold on me  
Is it chemical?  
Supernatural?  
As it all unfolds  
I'm learning I have no control

Can't see it with my own eyes  
Can't feel the lows or the highs  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet  
Can I rewire my head  
When all the connections are dead  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet

Losing my grip and I can't explain  
I feel the fire but see no flames  
Is it chemical?  
Supernatural?  
Why won't it let me go?  
I'm learning I have no control

Can't see it with my own eyes  
Can't feel the lows or the highs  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet  
Can I rewire my head  
When all the connections are dead  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet

If the current's the cure  
Light me up  
Fifty thousand volts  
Reborn in electricity  
Sell my soul for dopamine

Is it chemical?  
Supernatural?  
Cause as it all unfolds  
I'm learning I have no control

Can't see it with my own eyes  
Can't feel the lows or the highs  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet  
Can I rewire my head  
When all the connections are dead  
Doesn't stop when I try to fight it  
I get lost in the ultraviolet
