

# Wake Up

Silverstein

I crossed over, I lost myself  
I saw the light, I went to hell  
But the devil never looked my way  
Close my eyes and try to remember  
All the things that had brought us together here, here

Wake up, wake up, wake up  
There's somebody calling, there's somebody calling  
Wake up, wake up, wake up  
There's somebody calling, there's somebody calling

From high above I heard the screams  
Of emotionless machines who just see flatlines  
Now I've lost my tomorrow  
I paid the debt of the time I've been borrowing  
Nothing can save me

Wake up, wake up, wake up  
There's somebody calling, there's somebody calling  
Wake up, wake up, wake up  
There's somebody calling, there's somebody calling

Images are fading  
There's nothing in the mirror  
End is now, end is here  
If you let me back in  
Nothing would be different  
End is here  
Now all I am is a dead reflection

Wake up, wake up, wake up  
There's somebody calling, there's somebody calling  
All I am is a dead reflection  
Wake up, wake up, wake up  
There's somebody calling, there's somebody calling  
All I am is a dead reflection

Images are fading  
There's nothing in the mirror  
End is now, end is here  
If you let me back in  
I know nothing would be different  
The end is here  
All I am is a dead reflection
