Move On Fast

Silversun Pickups

Where do you want to spend eternity?
Dreaming of liberty
Searching for reality
Trucking through infinity

Bury your past and move on fast
Nothing's gonna last, so take a bit of grass
And move on, move on fast

What is your visibility?
Looking for community
Hoping for some unity
Trucking through infinity

Bury your past and move on fast
Nothing's gonna last, so have a bit of grass
And move on, move on fast

Where do you want to spend eternity?
I might meet you somewhere
And all roads leads to nowhere
Trucking through infinity

Bury your past and move on fast
Nothing's gonna last, so roll a bit of grass
And move on, move on fast

Move on! Move on!
Move on! Move on!
Move on! Move on!
Move on! Move on!
Move on! Move on!
Move on! Move on!
