

Wakey Wakey

Silversun Pickups

Whispers are weaving
The strains start to reappear
Fingertips tapping
Techniques of adapting veer

A dream
Dream
A dream
Dreamin'
A dream
Dream
Dream we get outta here

Flickering glow
Oh, these shadows we know so well
Roots they entwine
And a melody starts to swell

A dream
Dream
A dream
Dreamin'
A dream
Dream
Dream we get outta here

A dream
Dream
A dream
Dreamin'
A dream
Dream
Dream we get outta here

A dream
Dream
A dream
Dreamin'
A dream
Dream
Dream we get outta here
