Nobody cares 'bout you under the libra

□□□□□□

Is this new era?

Hit me

□□□□□□□□□□

□□□ TV □□□□□□

Same old tearjerking stories to make us cry

□□□□□□□□□□

□□□□□□

Nobody cares 'bout you under the libra

□□□□□□

What's the meaning of this magic spell?

She needs help from somebody else

□□□□□ Turn it up, burn it up, yeah

□□□□□□□ Turn it up, burn it up

Nothing is bright, bring up the lights yourself

I never take flight, yeah

You're not even worth picking a fight with

Do you dance to da riddem like this

There is no colors in my eyes

Can't you stop buzzing like a flying fly

(No) I don't want to know what's in the box

(No) I hate the way he talks

(No) I hate to sit tight on the rocks

Somebody help

Do you know what the hell is a paradox?

Your life is a downright paradox

□□□□□ Turn it up, burn it up, yeah

□□□□□□□ Turn it up, burn it up

Nothing is bright, bring up the lights yourself

I never take flight

If you are the light, I am the shadow

I am a spider wasp, if you're a black widow

Everything you know is what I told

Mirror, mirror on the wall

Who's the meanest one of all

Mirror, mirror on the wall

Do I have to sell my soul?

Light myself again

□□□□□ Light a fire

□□□□□ Turn it up, burn it up, yeah

□□□□□□□ Turn it up, burn it up

Nothing is bright, nothing is right

Nothing has colors in my eyes

Give me the light, show me a sign

Give me something to rewrite my life

I'll never take, never take flight
