

BLACK & WHITE

SiM

1, 2, 3, go

Just like dead insect doesn't realize his own death
In short, he's a real mess
Nothing more, nothing less
His opinion is trash, not worth to protest
Hey lady, you shouldn't keep waiting in vain
He's never gonna be a real man
So swallow these pills
If you want to kill the pain

Black and white, red and blue
Tastes like sweet lies and truth
Gold and silver, I'm a forgiver
Let her go if you really love her

Oh oh oh oh oh oh oh oh
No, no you don't love her
Oh oh oh oh oh oh oh oh
It's not love

Just like wasted minutes for stuck zipper
What will change if you wear glass slippers
How can you prove that you're not a day tripper
Don't make me call Jack the Ripper
Hey lady, you can be deaf to him
You can do anything you want
You can stay, you can run
You can swallow pills to kill the pain

Black and white, red and blue
Tastes like sweet lies and truth
Gold and silver, I'm a forgiver
Let her go if you really love her

Oh oh oh oh oh oh oh oh
No, no you don't love her
Oh oh oh oh oh oh oh oh
No, no you don't love her

Remove that word sticking into your heart right from the start
Don't you realize that you're wasting life for playing darts
Bullseye! What is a true lie?

I can set you free
Technically, these pills will set you free

Oh oh oh oh oh oh oh oh
No, no you don't love her
Oh oh oh oh oh oh oh oh
No, no you don't love her
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
Yeah

Black and white, red and blue

Tastes like sweet lies and truth
Gold and silver, I'm a forgiver
Let her go if you really love her

Black and white, red and blue
Sweet lies to truth
Stuck inside, stuck inside
Can't you see through?
