SiM

we're sick of sweet words,
all we need is the revolution
cut the crap mother fuckers

abort the mission! lift your thumb off of the button
the world doesn't need fucking missiles
time to decommission
light the future not your money bag
made with skin of crocodile

yeah, I still believe that we can be the ones
the ones who leave all wars, bloody swords and guns
wow-oh-oh-oh-oh-oh, wow-oh-oh-oh-oh-oh
brains are for generating a life

generate a life

bad bad brain, bad bad brain
you gotta sk yourself
how could you know what we need
you've never come down to the ground
you'll never get in touch with our generation

nothing's going to stop us
come and get me if you can
nothing's going to stop us
come and get me if you can
nothing's going to stop us
come and get me if you can
get in this circle, run to the hell

abort the mission! lift your thumb off of the button
the world doesn't need fucking missiles
time to decommission
light the future not your money bag
made with skin of crocodile

yeah, I still believe that we can be the one
one who leave all wars, bloody swords and guns
wow-oh-oh-oh-oh-oh, wow-oh-oh-oh-oh-oh
use brain to generating a life
