BULLY

SiM

I am what I am
Whatever they say
Go fuck yourself

Haters gonna hate

Actually I'm not a rapper
I'm just a mother fucking poet with anger
But let me try

Talk shit about me
You really think it's funny?
I'd hire a killer if I had money
Why don't you even try to see things unseen
Then you'll know that I ain't a heartless machine
I've got emotions and frustrations
Human relations always bring us the problem
I know it, but you crossed the line
Step back or step on a landmine

Yeah whatever they say about me
Yeah nothing changes in me
Yeah whatever they say about me
Why, why should I change myself for you?

No, no, no, no, no, no, no way

Go fuck yourself, bitch

Oh, here it comes again
Aren't you tired of pretending to be a friend
I know you burned all letters she sent
You're fired, If I'm the president
Double tongue, bubble gum
Trouble makes troubles, another power struggles
Leave me alone, don't give me a phone call
It's not my business, no, not at all

Go fuck yourself

Yeah whatever they say about me
Yeah nothing changes in me
Yeah whatever they say about me
Why, why should I change myself for you?

Go fuck yourself

Haters gonna hate

I am what I am
I am what I am
I am what I am
That never changes

Yeah whatever they say about me
Why, why should I change myself for you?
Go fuck yourself
