

Dance In The Dark

SiM

Oh oh, oh oh
Keep dancing in the dark
Oh oh, oh oh
You can't ride on the Ark
Oh oh, oh oh
Be bait for sharks
Yeah, you don't suit their taste

Dance in the dark

It's enough
I'm really tired of
Hearing your blame
How come you run like a dog
With no specific aim
The reason you can't accept
Change is
Because time just stands still
In you for ages
"Good old days" left in a haze
You're long lost in a maze

You suck, suck, suck
You never ever have innocent fun
Would you shut, shut
Shut your mouth and cut, cut
Cut off your tongue?
Be blind and dance in the dark
Live as a dog in a hole
If you want to bark

I bet you're deadly afraid to
Fall from grace alone
So you're always looking for
Someone to pick up your
Emergency phone call
Spit off fighting words with
Bloodshot eyes
To kill the clock, you can't
Delay your demise
"Good old days" left in a haze
You're long lost in a maze

Come out to get
Your wheels turning
Keep your anger burning, burning
Or shut the door to
Focus on learning
Are you ok with being called a
"Social vermin"

You suck, suck, suck
You never ever have innocent fun
Would you shut, shut
Shut your mouth and cut, cut
Cut off your tongue?
Be blind and dance in the dark

Live as a dog in a hole
If you want to bark

Di, diggin' it up
Di, diggin' it up
Di, diggin' it up
Now dig it

Di, dig it up
Di, dig it up
You never going to bring me down
Su, suck it
Su, suck it
Shut, shut up and suck it
Like your daddy did

Oh oh, oh oh
Keep dancing in the dark
Oh oh, oh oh
You can't ride on the Ark
Oh oh, oh oh
Be bait for sharks
Yeah, you don't suit their taste
Oh oh, oh oh
Keep dancing in the dark
Oh oh, oh oh
You can't ride on the Ark
Oh oh, oh oh
Be bait for sharks
Yeah, you don't suit their taste

Di, dig it up, except, try not
To obsess, right?
Di, dig it up, do it like
Japanese chess, yeah
Use your head
You're deader than dead

You suck, suck, suck
You never ever have innocent fun
Would you shut, shut
Shut your mouth and cut, cut
Cut off your tongue?
Be blind and dance in the dark
Spend your life
As a dog in a hole
I know you want to bark

Now dance in the dark
