

Devil in Your Heart

SIM

I'm a devil in your heart
(Di da la la, da la la da da)

"Give me, give me, give me this one instead"
You should've left it unsaid
Act like a faker or ankle breaker
Did you really forget a prayer?
Who is the one? Who is the one? Who me?
Who confesses the enemy "I am a rookie"?
Who eats cookies in a spooky house?
This is a message to you Rudy

I'm a devil in your heart
(Di da la la, da la la)
I'm a devil in your heart
(Di da la la, da la la)
I'm a devil in your heart
(Di da la la, da la la da da)

Take me out from this rabbit hole
I'm not wanted by Interpol
Don't you miss the undertaker?
Did you really forget a prayer?
Do you know where do angels come from?
Do you wanna listen to a story of redrum?
Do you wanna, do ya, do ya wanna, am I gloomy?
This is a message to you Rudy

I'm a devil in your heart
(Di da la la, da la la)
I'm a devil in your heart
(Di da la la, da la la)
I'm a devil in your heart
(Di da la la, da la la da da)

Now I know I am going to bleed
I don't know why did I do wrong deeds
I've lost everything, nothing to squeeze
My life is like a floating feather
Life is like a floating feather

I'm a devil in your heart
(Di da la la, da la la)
(Di da la la, da la la)
I'm a devil in your heart
(Di da la la, da la la da da)
Is everything really gonna be alright?
