

## Die Alone

SiM

You're a volcano, I'm a strait  
You're a halo, I'm fate  
Still waters still run deep  
I'm not afraid to be the black sheep

You're such a fool  
Acting cool like the first day of school  
Get off the plane  
I hope you can open your parachute

You're locked in time, locked in time  
Stuck in a hole like you don't you care  
Sorry for you, I won't be there  
Time, locked in time  
Can't sacrifice my life for you  
Sorry to say, but you'll die alone

So long, so long

You're a monster, I'm a bird  
You're fantastic, I'm Doom  
Your words go unheard  
You're not from the chosen few

You're such a fool  
Acting cool like the first day of school  
Get off the plane  
I hope you can open your parachute

You're locked in time  
Locked in time  
Stuck in a hole like you don't you care  
Sorry for you, I won't be there  
Time, locked in time  
Can't sacrifice my life for you  
Sorry to say, but you'll die alone

So long, so long
