

# GUNSHOTS

SIM

You don't have to use your silky voice  
because I can see through you from outside of the cage  
you seem to love to play with toys at your age  
don't look at me with your amorous eyes  
I'll make the move myself when I want to fuck you  
That's enough of your lies, shout up and kiss me

if you really want me to stop, why don't you do it?  
if you really want me to stop, why don't you go away?  
if you really want me to stop, why don't you use your hands?  
you could've left me anytime  
you should take off your dress right now

only thing I want is money not honey  
every stupid dick heads call me bunny  
hurry up, cum and go  
I can snag one, two or more men to blow  
"Don't insert!" I'm not your bitch  
no one can stop me become a rich girl

if you really want me to stop, why don't you do it?  
if you really want me to stop, why don't you go away?  
if you really want me to stop, why don't you use your hands?  
you could've left me anytime  
why did you take off your pants, boy?

do you really want to stop me now?  
do you really want to stop me now?  
do you really want to stop me now?  
...what the hell are you doing?

stop it! our deal is just to blow  
yeah but I want to do some more  
stop it! I'm not a fucking whore  
shut up, you touched me first, play your role

this is an encounter  
pang! pang! gunshots  
blood marks are everywhere  
pang! pang! gunshots  
blood marks are everywhere

why'd you stop now, baby?  
are you getting lazy?  
why are you so ice cold?  
can't you see my blue balls?

couldn't she really save herself?  
couldn't he really stop his hands?  
do they really need to get the ace of spades  
I think there were some underlying mistakes
