

I DUB U

SiM

I wish you were here
□□□□ now I'm gonna wish you were here
But you're not here
□□□□□ now I'm gonna fly away

□□□□□□□□□□
□□□□□ I'm just walking on
Even if I scream out loud as I can
No one hears me whine
Maybe I will lost myself
But no this time

I still wish you were here
□□□□□ now I'm gonna fly away
You're not here, so I'm gonna fly away

It's nothing to me
I'll stray around for year's
'Til lose all I've got
Important thing is the action,
Not a fraction of the conscious
"Trust me" say it again
"Trust me" I'm ready to live with pain

Where'd you go
Close the door, close the door
Where'd you go
Close the door, close the door

I wish you were here
□□□□□ now I'm gonna fly away
You're not here, so I'm gonna fly away
