

I'm Alright

SiM

Spit out the question
Expose their false confession
Catch and beat fucking
Trickster hide in the black fog
They took everything
We've carried on
The time has come to stand
I'm alright
If they try to me take over
Nani mo nai kono te sae mamorereba
I'm alright
If they try to take me over
Nani mo nai kono te sae mamorereba

Something important is missing
In this country
Authority and ally hid it
Under the tree
Casual nation
No innovation
Only invention
To beg the forgiveness
They gotta confess
To sin to us
The time has come to stand
I'm alright
If they try to take me over
Nani mo nai kono te sae mamorereba
I'm alright
If they try to take me over
Nani mo nai kono te sae mamorereba

To keep rockin' forever
Now get up and stand up
We need the revolution

I'm alright
If they try take me over
Nani mo nai kono te sae mamorereba
Alright, cuz everything I need is
Right in front of my eyes
Alright, cuz everything I need is
Right in front of my eyes
