

# Light It Up

SiM

Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up

I got no guns, no 'nades, no Q (no Q)  
I can't shoot them like legends of APEX  
I don't give a shit about false and true  
My only concern's how do I get my next paychecks

She wants you to be a man like me  
"Fame and glory" is not for sale, not for free (no!)  
It's not because of TV-programs  
You're the one, the source of problems

It's hard to discover, too late to recover  
How can we come together? Ah-ha  
(I'm ready, I'm about to ready)  
It's hard to discover, too late to recover  
How can we come together? Ah-ha  
(I'm ready, I'm about to ready)

Wake up, wake up  
It's still dark outside  
Wake up, wake up, wake up  
I'm not talking 'bout the morning  
This is kind of mind warning  
Goodbye, I'm not going back to you  
(Get ready)

Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up

Need no reason to break out of this prison  
I don't want to be stuck here till the next season  
This is not a place  
That I've been dreaming of  
Having a dream  
(Is not treason)

Not perfect, but I'm about ready  
Dance in the riddim of this rock steady (watch out!)  
Sounds too deep and heavy  
Can't remember what I had to be (yeah, yeah)

It's hard to discover, too late to recover  
How can we come together? Ah-ha  
(I'm ready, I'm about to ready)  
It's hard to discover, too late to recover  
How can we come together? Ah-ha  
(I'm ready, I'm about to ready)

Wake up, wake up  
It's still dark outside  
Wake up, wake up, wake up

I'm not talking 'bout the morning  
This is kind of mind warning  
Goodbye, I'm not going back to you  
(Get ready)

Light it up, light it up, no fire can be seen  
Light it up, not a flame on the screen

Wake up  
Wake up

Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up  
Light, light it up, light it, light it up
