

Rosso & Dry

SIM

Do you remember the place where we went on our first date ?
I was too shy to hold your hand and got tongue tied
The memories never be erased even
If I wanted to forget all about you
Like I'm stuck in a cell with your voices, you see, I...

Love to listen to your song coming from the speaker
I feel I'm getting weaker than I used to be
I can't smile always as well as Mona Lisa
I need you to stop my tears

Baby, let me kiss you one last time
Let me try to fix it up now, ah
Baby, let me love you one more time"
Yeah, you were my angel
But I won't write love song for you

Don't say a word
Just like a glass of mixed Rosso and Dry
Look into my eyes all night with your sly eyes
Trust me baby, I'll never drag you down"
Just like ice in a glass, her words go round and round

Love to listen to your song coming from the speaker
I feel I'm getting weaker than I used to be
I can't smile always as well as Mona Lisa
I need you to stop my tears

Baby, let me kiss you one last time
Let me try to fix it up now, ah
Baby, let me love you one more time
Yeah, you were my angel
But don't you remember ?

Hugs and kisses don't mean anything
You are the one who told me
We'll never fall in love
You are the one who told me

Don't you walk away with a smile
Without looking back like you did that time
Don't you walk away with a smile
Without looking back like you did that time
It's not like you to say

Baby, let me kiss you one last time
Let me try to fix it up now, ah
Baby, let me love you one more time
Yeah, you were my angel
This is going to be first and last song I write for you
