

Same Sky

SiM

Aa, kaeru sube wo tou ni suteta kimi
wa yoru ga kaeru no wo matsu furi de hohouemi kakeru
"ah I know what you want from me, close your eyes and kiss me"
Inochi no oto made no kikoeru hodo ni

Tsuki akari no shita futari yui kawashita karappo no kotoba
You felt alive, I knew it's a lie
Just stop, stop talking
Omae dake kurushii kano youni
Yowane haku dake nara raku darou
Tick-tack-toe is over
Hito shizuku no doku de ai wo yogoshite

"I'm with you tonight, woo... I won't lie
I'm with you tonight, woo... I won't lie"
Such a lie...

"senno kotoba yori ichido dakishimete
Koe ni sureba kaze to kiete shimau deshou
Umareta koto sae tsumi toiu no nara
Isso sono te de ikinone wo tomete"
"hito shizuku no ai de doku wo korosu no"

"I'm with you tonight, woo... I won't lie
I'm with you tonight, tonight, woo... I won't lie"

How could you tell me such a lie ?
Looking up at the same sky
We were falling apart

Hito shizuku no doku de ai wo yogoshite
How could you tell me such a lie that "I'm with you" ?

Woo... tonight
Woo... I won't lie
I'm with you tonight, tonight
Woo... I won't lie

I'm with you, woo...
Cuz tonight will never end
If we can't be more than just friends
You said "time passes by in vain"
It's just different point of view
Fact and fable is much the same
Isn't it ?
