THE KiNG

SiM

Yes, you're the king of maggots
I don't want to be like, I'll never be like you

You're not invited, stay out ot the conversation
This is not an experiment of social isolation
Don't make me say "fuck off"

My cat, my bats, my caps, my hats
My car I mean a car
I wish to have someday in the future
Means nothing to me

It's hard to explain with words, but if I try
"I don't want to be like you"

Stop doing stupid things
I am ready to check the king
You better stay outta the ring like Jerry Lawler
Of course I'll defeat you
May the force be with you
I want to get back
Want to get back to the place where you can't find out
Leave me alone, you know I don't need you
Stay where you belong, we know what we do
Your diss is like a glass of piss
Hope you die after you know the taste of a kiss

My cat, my bats, my caps, my hats
My car I mean a car
I wish to have someday in the future
Means nothing to me

It's hard to explain with words, but if I try
"I don't want to be like you"

Just because you're the king of maggots
Just because you're the king of maggots

You should know this is not the point of this song and this album
Forget about any useless business wisdom
You gotte remove something stuck in your brain
Aren't you afraid of going insane?

I'll never be like you

My cat, my bats, my caps, my hats
My car I mean a car
I wish to have someday in the future
Means nothing to me

It's hard to explain with words, but if I try
"I don't want to be like you"

You're the king
The king og maggots
