

## The Problem

SiM

Hey you, you don't even buy her a rose  
Why are you tryin' to know where she goes?  
Do you realize that you're always lookin' down your toes  
She hates men like you, I mean brown-noser

This is gonna be my favorite song  
Words are not so strong, but enough to break your bones  
It's like a beautiful sound of Deftones  
You better buy some security drones

Sleep with your eyes open  
Because you're in my scope  
Sorry, I cropped your seeds of hope

Everybody's singin'  
Oh, oh, oh, oh, oh, let's save the dying breed  
Everybody's singin'  
Oh, oh, oh, oh, oh, smile to cover up your greed

Hey you, quit speakin' to Tinker Bell  
Because you're just an old man can't cast a spell  
Your life is already headed to hell  
From the first time you heard the school bell

This is gonna be my favorite song  
Words are not so strong, but enough to break your bones  
It's like a beautiful sound at Deftones  
You better buy some security drones

Sleep with your eyes open

Everybody's singin'  
Oh, oh, oh, oh, oh, let's save the dying breed  
Everybody's singin'  
Oh, oh, oh, oh, oh, smile to cover up your greed

Their manifesto is pass it on, pass it on  
No, the problem is you

Oh, oh, oh, oh, oh, oh, I feel suffocated  
Oh, oh, oh, oh, oh, oh, they're medicated  
Oh, oh, oh, oh, oh, oh, I feel suffocated  
Oh, oh, oh, oh, oh, oh, they're medicated  
Things are complicated, deeper than your words

This is gonna be my favorite song  
Words are not so strong, but enough to break your bones  
It's like a beautiful sound of Deftones  
You better buy some security drones

Sleep with your eyes open  
Because you're in my scope  
Sorry, I cropped your seeds of hope

Everybody's singin'  
Oh, oh, oh, oh, oh

Everybody's singin'  
Oh, oh, oh, oh, oh, let's save the dying breed  
Everybody's singin'  
Oh, oh, oh, oh, oh, smile to cover up your greed  
We'll never agree with your boring speech  
(Hey you) You should accept defeat  
We're going to be free from all faithless preach  
(Hey you) You should accept defeat  
Their manifesto is pass it on, pass it on  
No the problem is you

Oh, oh, oh, oh, oh, oh, I feel suffocated  
Oh, oh, oh, oh, oh, oh
