TOO LATE

SiM

Don't blame yourself
It's like an accident at the intersection
According to the laws of nature
"We win a few, we lose a few"
Sickening derision, wrong decision
Your aggression could ruin you, not me

Going out on my own
Leave us alone

This is how we do, what you wanted to
It's too late, too late
This is how we do, what you wanted to
It's too late, too late
Too late, too late

I wish this hand sanitizer would kill a virus in my mind
Need an automatic analyzer before the death comes from behind
I'd rather be blind than see things behind the storyline
Rename or redefine, just sit and wait for a sign from your God

Stalling, stalling
Not to fail the mission
Stalling, stalling

This is how you do, we never do
It's too late, too late
This is how you do, we never do
It's too late, too late
Too late to change

Do what you want, when you want to do
Let's go

We win a few, we lose a few
Face the fact, no one is perfect

This is how we do, what you wanted to
It's not too late to change
