

Born Again

Simi

Give me life, give me life
Push your oxygen inna me pipe
Give me life give me life
Make all my enemies dey surprised
I take my pride
Wey dey inside
I lay it down
Make e no take me down
Give me life, oh give me life
(Can you see me now)

Everything wey I don do I own am
Nobody ever wanna stand alone
And if you need me, me I get shoulder
I'm getting better as I'm getting older
Oh yeah
Bad energy go far away
You no go fit to farawe
Just like the sun at the break of dawn
I pray my redemption come

Yo yo yo yo yo yo yo
Now me I born again
Yo yo yo yo yo yo yo
No weapon formed against me
Fit survive
It's a revival, my redemption come again
Yo yo yo yo yo yo yo
Oh yeah I'm born again

Mister Mister Time Keeper
Me need more time
Me I really wanna dive deeper
Spiritual mind healer
Uhh just trying to be a better me
Be a boss big letter B
Na for me, k'on se t'elomi
If I lie, call am felony
See my melody
Certainly, I'm standing my ground against all principalities
For all humanity
All is vanity ohhh

Yo yo yo yo yo yo yo
Now me I born again
Yo yo yo yo yo yo yo
No weapon formed against me
Fit survive
It's a revival, my redemption come again
Yo yo yo yo yo yo yo
Oh yeah I'm born again

Give me life, give me life
Give me life, give me life
I take my pride, wey dey inside
I lay it down, make e no take me down
Give me life

Oh give me life
