

CITY LIGHTS

Simi

I never thought I'd ever want
Somebody much as I want you
I never thought I'd ever love
Somebody much as I love you
Nobody said you would be the one to
Change my life
'Cause love was my taboo
Now you're my tattoo
Changed my life

It feels like something I need
Something just like fireflies
Dancing in the dark
I swear it's a dream
Every time you catch my eyes
Can you see the sparks?
Sparks

Got me in my feelings
And I'm feeling like
It's scary and it's brighter than the city lights
Hard guy don't fall
It's a pity I
Never thought I'd be infatuated like this

Oh, oh, oh
My heart is bleeding
Oh, oh, oh
Oh, oh, oh
My heart is bleeding
Oh, oh, oh
My heart is bleeding
Oh, oh, oh

What had happened was
I really thought
Sooner or later everything go burst o
Pronto
Cupid don't shoot me, catapult oh, oh, oh, oh
Be like say I high
Be like I drink ogogoro walahi
Iru wahala wo leleyi o - kai
You changed my life

It feels like something I need
Something just like fireflies
Dancing in the dark
I swear it's a dream
Every time you catch my eyes
Can you see the sparks?
Sparks

Got me in my feelings
And I'm feeling like
It's scary and it's brighter than the city lights
Hard guy don't fall
It's a pity I

Never thought I'd be infatuated like this

Nobody said you would be the one to
Love was my taboo
Now you're my tattoo
Change my life, change my life
