

Gone For Good

Simi

The word around town
Is that, you're back in town
And I... try not to think about it, I try
But it's been so long
And I, thought I moved on
But... now I really doubt it, I do
I wonder why you even come
It's almost like you having fun with me
But oh if I set my eyes on you
It's unavoidable, I'll come undone
Oh I thought you were gone for good

So why do you have to pull me back
Sheybi you say
You won't be coming back o
Damn you, this is really bad
Sheybi you say
You were gone for good

Wetin you do wrong
Cause you knew all along
I was doing okay without you
You no want make I
Try to move on
Chai your heart is too strong
Can't be with you and can't be without you
The thing be say I
Wonder why you even come
It's almost like you having fun with me
But oh if I set my eyes on you
It's unavoidable, I'll come undone
Oh I thought you were gone for good

So why do you have to pull me back
Sheybi you say
You won't be coming back o
Damn you, this is really bad
Sheybi you say
You were gone for good

Tell me why oh
You have to pull me back
Sheybi you say
You won't be coming back o
Damn you, this is really bad
Sheybi you say
You were gone for good

Tell me why you come back eohohooh...
Shey you want, you want make I pack my load eoh
Tell me why, tell me why you come back eohohooh...
