Touch me now make I feel alright
Oh baby take me to the paradise
On the music and off the light, oh yeah
You look so good let me take a bite
This one possible to fly yeah
I'm getting drunk on you tonight

You feel me now
Come a little bit closer now
Tell me things make you whisper now
Kiss my face let me kiss your mouth
Oh you know what I'm talking 'bout
Love me babe yeah, love me babe yeah
