Simi

You say you gonna let me down  
If it were up to you, you woulda let me drown  
Anywhere you dey me no fit settle down oh no  
Ko si anybody to le tan mi  
Ke ma foshi lo mi  
I don't fuck around, ask anybody to mo mi - no  
You no be my enemy  
But you ain't no friend to me  
Cause people ride for the people that ride for them too  
If you're riding with me, then I'm riding with you  
See I say what I mean, so I tell you the truth  
And now we're through  
Me I only give what I'm wanting  
You do me right I match your energy  
Everybody need somebody good  
Somebody nice, somebody reliable  
I'm just tryna keep my spirit pure  
Stay the fuck away from immature people  
It's okay if I only have four people  
As long as them be sure people

Yeah yeah yeah yeah yeah

Wanna see you later  
These things that I got  
They don't waver"  
"Stick up stick up for me

Sooner than the dude at bethsaida"
