Simi

(Loudadaa)

I silence the voice in my brain
That begs me to break off my chains
They say love is like fire but na me dey burn
Why I no go run oh when I no be bọlọ
How can I save you when I haven't save myself
Sometimes I try but you won't even take my help
I know I gave my best to you If nothing else
I love you but I'll never be your (Messiah)

I no be your Messiah
I've been burned by the fire
Trying to be your Messiah
I no be your...

Oh no, oh
There is nothing else to say, no
Guess I'll be on my way home
Tears can't fix us anymore, no
Can't do this on my own, no
I see you struggling
Oh baby, you acting so nonchalant
Self sabotaging
Oh baby, you gat too much trauma
I try to fix you
But baby, I can't be your m-m...

Messiah (Messiah)
I no be your Messiah (Messiah)
I've been burned by the fire (By the fire)
Trying to be your Messiah (Your Messiah)
