

# Original Baby

Simi

I'm just an ordinary girl, sitting in the hallway (sitting in the hallway)  
I know they turn up though, 'cause I'm a little boring  
But I'm the life of the party 'cause I'm kinda funny  
Money don't drive me, I drive my money, yeah ayy

Well a suh the ting be  
Me nah go force you to like what you see, yay-ay  
Because I come in peace  
And I'm at peace it and that's all I need  
Everything is not for everyone and that is okay-ay-ay  
You gotta take me as I am  
I'll be better but I'll never be somebody else

(Original baby)  
Yeah, wherever you go be yourself  
(Original bobo)  
Ah, you can never be somebody else  
(Original baby)  
Yeah ayy, whatever you do, you better be true  
(Original bobo)  
Oh, no matter the pressure, be yourself

I talk a little too much, I got it from my mama (I got it from Shola, yeah, yeah)  
My baby tell me seh, oh me a get the drama (whatever, oh ayy)  
Do the best I can, 'cause I believe in karma (oh na-na-na-na)  
Maga don't pay me, no I pay my maga

Well a suh the ting be  
Me nah go force you to like what you see, yay-ay  
Because I come in peace  
And I'm at peace it and that's all I need  
Everything is not for everyone and that is okay  
You gotta take me as I am  
I'll be better but I'll never be somebody else

(Original baby)  
Yeah, wherever you go be yourself  
(Original bobo)  
Ah, you can never be somebody else  
(Original baby)  
Yeah ayy, whatever you do, you better be true  
(Original bobo)  
Oh, no matter the pressure, be yourself

See nobody perfect, no be lie (perfect)  
I got flaws I can't deny  
But everybody get 'em personality, oh (personality, ohhh)  
My guy make you live your life (ahhhh)  
Person who love you, go love you die (ahhhh)  
But you can never satisfy society (society)

(Original baby)  
Yeah, wherever you go be yourself  
(Original bobo)  
Ah, you can never be somebody else  
(Original baby)

Yeah ayy, whatever you do, you better be true  
(Original bobo)  
Oh, no matter the pressure, be yourself  
(Original baby)  
Personality, ohhh  
(Original bobo)  
(Original baby)  
Society, ohhh  
(Original bobo)
