

THERE FOR YOU

Simi

Can you see me now?

I wanna be by you day and night
For you I'll stand in line
Be the rider for your ride
Anytime you looking for a sign
Anything you need, yes, I'm your guy
I only wanna keep you satisfied

My love it's real, no silicon
And I gotchu every day minimum
And you can call on me whenever
I gotchu you under my umbrella
Eh eh

I just wanna be there for you
24/7 I just wanna be there
I just wanna be there for you, oh yeah
I just wanna be there for you
Even in heaven I just wanna be there
I just wanna be there for you

Yeah, it's Banks yo
I just wanna be there, wanna be there
I ain't gotta stunt acting like I don't care
Even through the bad good times that we shared
Running to my goals, can't see 'em in the rear
Couple haters over there
Getting to the bag nigga life ain't fair
Drip too hard make 'em stop and stare

Smoke and mirrors anytime you go clear
Gotta be prepared
Know I got your back
Cah I got you like that
Even when you hit the trap
And you used to flip packs
Always kept you on track
Right by your side
Know I'm down to ride
You ain't never gotta hide
You ain't even gonna lie
Look me in eyes already know you ain't like them guys
Real love you provide
Said I'll do it for you
When's the last I ain't come through? Never

My love it's real, no silicon
And I gotchu every day minimum
And you can call on me whenever
I gotchu you under my umbrella
Eh eh

I just wanna be there for you
24/7 I just wanna be there
I just wanna be there for you, oh yeah

I just wanna be there for you
Even in heaven I just wanna be there
I just wanna be there for you, oh yeah

I just wanna be there for you, oh yeah
